HON. E. P. MORROW TO BE HERE WEDNESDAY

HON. EDWIN P. MORROW, Republican Nominee For Governor.

Kentucky's Greatest Orator Seeking Election to Governorship Will Speak to Mason County Audience Next Wednesday at Court House.

Edwin P. Morrow, the popular Republican nominee for the governorship of our state, will be in Maysville on next Wednesday evening to present argument for his election to that high office to a Mason county audience. It became known late Wednesday afternoon that Mr. Morrow would be here but not until today were the details worked out and the place for the meeting decided upon.

The Mason County Republican Campaign committee had hoped to have the Washington Opera House for Mr. Morrow's speech when he came to Mason county but as there will be a home talent minstrel on that evening, it will be impossible to procure this hall and the committee has made arrangements for the County Court House. Mr. Morrow is such a pleasing speaker and so much interest is being shown in this section of the state in his race for the governorship, that it is hardly expected that the Court House can accommodate the large crowd that will want to hear him so that it will be necessary for those who are anxious to attend to come early and hold their own seat.

Mr. Morrow will come to Maysville by auto from Tollesboro where he will address the voters of Lewis county on Wednesday afternoon. His headquarters while in the city will be at the Central Hotel where he will be met by many Republican leaders in Mason and all adjoining counties. At 6:30 o'clock the Maysville Boys Band will serenade the candidate at the Central Hotel and will lead a big delegation of Maysville and Mason County Republicans who will march from the hotel to the Court House for the speech.

Edwin P. Morrow is no stranger in Maysville or Mason county. He is one of the most popular candidates who has run for office in Kentucky in many years. He is recognized as one of the very best, if not the one best orator in the entire state and all who can possibly get into the Court House on Wednesday evening should take this opportunity of hearing him. Besides being a very entertaining speaker, Mr. Morrow has something of vital importance to every voter in Mason county and all should hear him.

There will probably be other speakers with Mr. Morrow who will make short addresses but the meeting will not be long and tiresome and especially is there an invitation extended to all of the women of the city and county to be present. The Boys' Band will add much to the program for the evening.

Remember, Mr. Morrow speaks at the Mason County Court House on next Wednesday evening beginning promptly at 7 o'clock.

SUGAR BOWLS HIT HARD BY NEW RULING

Equalization Board Cancels Eastern Contracts, Intensifying Shortage Here—Shipments Are Stopped.

The sugar supply situation in Maysville, which developed into the shortage stage a month ago, continues to become more critical and acute, and prospects are that a real sugar famine will grip this section and all of the State unless relief providentially appears.

Authority for this statement is found in the fact that, effective yesterday, October 15, the Sugar Equalization Board has cancelled all contracts already made by wholesale firms in this section or cane sugar from Eastern refineries. This act applies practically to all of the Southern territory. The Western beet sugar and Louisiana cane sugar will be the sole source of supply.

The cancellation of orders means that scores of carloads of cane sugar refined in the East from the Cuban raw sugar, ordered by local dealers as much as sixty days ago, will not be received here.

Despite this very discouraging outlook for the future local dealers have not tightened up on the sale of sugar more than they have been restricting for the past month. Many stores refuse to sell more than two pounds to a customer while others sell as much as five pounds and some few have sold ten. This condition they now face, however, will cause the wholesalers to tighten up within a few days and naturally the retailers will then be more strict in their sales.

FEDERAL ACTION MAY HALT COAL STRIKE

Secretary of Labor Calls For Conference of Union and Mine Chiefs For This Friday.

Washington, October 16.—Determined to prevent the threatened coal strike by bringing about an agreement between miners and operators, William B. Wilson, secretary of labor, prepared a plan of settlement today for submission to representatives of both sides in the dispute when they meet him tomorrow.

John L. Lewis, acting president of the United Mineworkers of America, is expected here late this afternoon. Lewis has called the strike of approximately 400,000 coal miners for November 1. The labor secretary, Lewis and Thomas T. Brewster, president of the Coal Operators' Association, will confer Friday in an effort to reach a basis of settlement.

Wilson has been informed that Lewis believes only a definite agreement between employers and workers can prevent the scheduled strike. Should an agreement be reached thru Wilson's mediation and signed by representatives of both sides, the strike will be held off until a miners' convention can be called to ratify or reject the settlement, according to the understanding here today.

Wilson is acting as mediator in the threatened strike without invitation from either side. He has a legal right to do this, however, if he believes the interests of industrial peace make it necessary.

IN MEMORY OF GEORGE L. KNAPP

Sad was the home of Mr. and Mrs. R. P. Knapp when the death Angel visited them and took their darling baby. George L. was 19 months old and all who knew him loved him. We know not why he was taken so young, but we believe that all things work together for good, to those who love the Lord.

Mr. J. Edw. Bassett, Jr., of Lexington, is spending the day in Maysville on business.

SOLDIERS HERE WITH GREAT U. S. GUNS ON DISPLAY

A Detachment of the 81st Division Company Here For Few Days Endeavoring to Enlist Recruits.

A detachment of Battery D, Field Artillery 81st Division, from Camp Knox, arrived in Maysville late Wednesday afternoon and made camp on the Cochran property at the corner of East Second and Commerce street. The detachment is being carried over the state on a recruiting trip in three large auto trucks and a touring car.

With the soldiers there is being carried for display in all sections of the state two of the famous American 75s which played so much havoc in the big World War and which taught the Germans that Americans were designers and builders of big fire arms as well as other nations.

Just how long the detachment will be in Maysville is not at the present time known but they give a demonstration this afternoon at 2 o'clock and will likely give another tomorrow afternoon at about the same time.

The object of the company's trip over the state is to enlist men for the army and the men who sign-up during the company's stay here will be taken onto Camp Knox.
